Fire Department Report

The past year was a busier year than usual for the Salisbury Volunteer Fire Department with 14 calls answered, one of which was out of town.

Added to new equipment during the year was five more helmets and two coats. It is hoped that more coats and boots can be purchased this year.

During the treacherous dry spell last fall, Salisbury roads were patrolled and someone was on duty at the fire station 24 hours a day. At this time a two way radio was installed at the station. The radio is now a permanent fixture there. The department is indeed grateful to everyone who helped in any way during this crisis, and especially to all townspeople, who proved to be very fire cautious and conscientious.

A raffle was held during the past year and the money made from this was used to buy insulation for the fire station.

There is an article in the warrant this year to see if the town will consider buying a new tank truck, which the department is in desperate need of. One of the present tank trucks is not big enough to carry the amount of water needed, and with the small supply of water available, especially during a dry crisis such as we had last fall, we feel a bigger tank truck is necessary.

Again the department wishes to express its appreciation to the ladies for the coffee and food supplied to the men while at fires. The response and cooperation shown by all townspeople is greatly appreciated.

Another reminder — when reporting a fire please use the fire phone number, 8-2200. This puts our call system into quicker operation for quicker response.

School Board's Report

The school budget submitted by the School Board for the coming year is a little less than the budget for the current year. Even though there was a slight increase in high school tuition and teachers' salaries, the increase in state aid makes this possible.

We are very fortunate to have such a fine staff of teachers. we would like to say a sincere thank you to our principal and teachers.

We would also like to thank our Superintendent for his cooperation and help in so many ways.

This also gives us an opportunity to thank all those who donated time, materials and equipment to make the drainage system project such a success.

Respectfully submitted,
DONALD J. NIXON,
Chairman

A motion was made and seconded to reduce the school budget by

\$600.00 on the teachers salaries. After much discussion a standing vote showed: yes 11, no 20. The Moderator declared the vote in the negative.

Another motion was made and seconded to reduce the school budget by \$600.00, with the discretion of the School Board as to how this will be done; this to exclude teachers salaries because of the previous vote. A standing vote showed: yes 10, no 14. The Moderator declared the vote in the negative.

Report of Superintendent of Schools

To the School Board and Citizens of Salisbury:

Salisbury school enrollment has increased since last year and has created minor problems involving supplies and equipment. However, at the moment there is no critical lack of space.

Tuition costs continue to increase and additional expenditures are to be expected in this area.

The school is operating effectively in preparing pupils for admission to secondary schools. We are fortunate to have experienced teachers to carry on this educational program for the children of Salisbury.

The interest and cooperation of the school board and teachers makes it possible to continue the management of your school system in an effective and productive manner.

RAYMOND E. MORTON

Superintendent of Schools

Principal's Report

To the Superintendent of Schools:

As Principal of Salisbury Elementary School I herewith submit this annual report:

With the opening of school we enrolled 81 students. One can readily see that we have an average of ten students per class throughout the eight grades. In actuality we are carrying nearly this number with some overload in the 3rd, 4th, and 5th grade room.

The testing program has been established and seems to be functioning smoothly. The tests utilized are the Stanford Achievement Teacher Scored Battery and the Pintner-Durost Test for this program. This program demonstrates that Salisbury can compare with any community of comparable size, and rank well. It also serves to guide us with regard to areas of strength and weakness. I am happy to report there are no notable weaknesses at this time.

We have experienced some difficulty in the area of hot lunch supervision this year. The milk program has been carried on, selling an average of 48 bottles per day at a cost of 4c per bottle. It will continue as long as the daily sales justify its maintenance as a program.

We have obtained new literature books for the seventh and eighth grades. These are some of the best on the market and acquaint our junior high age youngsters with some of our best modern and earlier writers. We are strengthening our children's knowledge in this field for their high school English courses.

Other noteworthy activities include:

- (1) Science Fair sponsored by the Parent Teacher's Group.
- (2) Utilization of the Tele-Trainer Set.
- (3) Room equipped with blackout curtains for projection purposes.
- (4) The highly successful trip to the Museum of Science in Boston.
- (5) A contestant was entered in the County Spelling Bee Contest.
- (6) The Spring Program held in conjunction with the Grange Chil-

dren's Night appeared to be a success. Plans are underway for the format of this year's program.

- (7) We graduated seven eighth graders last year and have plans to graduate eleven this year.
- (8) We have utilized the services of free films for additional educational aids this year.
- (9) We had an opportunity at a P. T. G. meeting to meet with the Franklin School Guidance Councilor and many parents availed themselves of this opportunity.
- (10) A new record player has been purchased for the school by the Parent Teacher Group.

The Phonics program in the 1st and 2nd grades has been greatly strengthened with the addition of Miss Lum to our staff.

We have been very grateful for the addition to the staff this year of Mrs. Thompson with her experience and knowledge of the difficult situation a multi-grade room presents.

We are looking forward to a greater recreation facility for the school and the town; namely the all purpose area that has been proposed for this year.

I would like to take this opportunity to thank the Superintendent for his guidance and council; the school board members for their cooperation and helpfulness; the staff members for their support and spirit. It is only with this close harmony that our school progresses.

Report of the Supervisor of Music

To the Superintendent of Schools:

The children continue to enjoy their music classes and to anticipate music each week.

Our book supply is better and we are able to enjoy the records that accompany them. This is possible because of the interest of the parents in securing for the school a nice stereo record player. The record player enables the children to get more out of their music during the week. It helps them to get the right tempo for the songs and it helps very much in learning the more difficult songs in each book.

We had a spring program this year, given by all three rooms, rather than just the two lower level rooms. Folk dancing and square dancing accompanied the vocal numbers as well as various rhythm instruments. The program was well attended and well received.

The sixth, seventh, and eighth graders sang for the eighth grade graduation. They presented a fine program of music and showed continued improvement in their singing.

I wish to express my gratitude for the interest of each parent, child, and teacher in the music program of the school in Salisbury.
